

Conventus Terra Mariana

anno 1201 Roma

Tallinn 22nd of January 2014.a.D.

**PROTOCOL of the MEETING of MAARJAMAA 800 - Tallinn, Estonian Evangelical Lutheran Church Consistorium 14<sup>th</sup> January 2014 nr 1**

**Note!**

Conventus Terra Mariana (CTM) has the honour to be invited among organisers of the Holy Terra Mariana 800<sup>th</sup> Jubilee.

CTM authorised responsible representative is oecumenical leader Dr. Ingmar Kurg.

Being CTM general leader I wish blessed success to the whole organising committee. From my side I would like to add a small reminder. In 1199 a.D. according to the Bulla of Pope Innocentius III the pilgrimages as to Livonia as Jerusalem. After founding Riga in our Lord Year 1201 Conventus Terra Mariana was also brought from Ukskula to Riga. According to the decision of Bishop Albert of Riga one third of town Riga belonged to Order Brothers of Sword.

Patron of the Successors of Holy Terra Mariana Pont. Max. Innocentius III had planned to confirm blessing of Terra Mariana to Her Holiness God's Mother Virgin Mary in our Lord year 1215. Unfortunately just in that year 1215 a.D. Riga Dome Church got fire and burn down together with outbuildings and the whole town of Riga. After that tragic accident our Patron decided to carry this festive event into the next year. This way the key event could take place in 1216, to what several sources refer to – as to many other years as You know.

I think that starting widespread process of respect and introducing process in the whole people meaning is more important than tangling into substantive details, where different schools of scientists are far away from consensus as still in science.

For sure we will find together suitable solution to celebrate dignifiedly Terra Mariana 800<sup>th</sup> Jubilee.

In faith and faithfulness on the behalf of Conventus Terra Mariana in prayers together with all of You,

humble student of our God loan together with my lady Marika Katarina

P.s. In addition to the recollecting of our representative I. Kurg of the Jubilee year of Terra Mariana in 2001 a.D. as the issued thematic stamp and international history scientific conference at the Birgitta Monastery where the important decision was made to rename sword mission to fixed mission in the international circulation. Besides that several ecclesiastic music concerts are remembered organised by CTM. Especially reminding the Scandicus concert at St. Nicolas Church on the Solemnity of All Saints, where real storm weather was outside. At the place we ordained also three Altaria Mariana Order Chevaliers, one of them priest of Estonian Evangelical priest Peeter Kaldur and two officers of the Estonian Defence Forces.
