

**Conventus Terra Mariana**

anno 1201 Roma

Tallinn Terra Mariana 11<sup>th</sup> September 2011.a.D.

**Decision of Convent Master CTM no 82  
For Enlisting Himself into Reserve**

Honourable Ordo Altaria Mariana (OAM) and Conventus Terra Mariana (CTM) knights and close friends.

It has been great honour for me to be the leader of the eldest known organisation Conventus Terra Mariana in this area, be known and recognized all over Europe and hold the heavenly blessing and leading for the 17<sup>th</sup> year already.

As everything temporal wears out, this happens also with my physical body. But as far as the timeless stays in my temporal form, I would like to see the next Convent Master CTM here. This way I am ready to give back all the benefaction I have used for keeping the CTM in heavenly leadership to Celestials. This way the next Convent Master could inherit all heavenly benefaction in full extent.

Everybody is invited to participate in the Convent Master CTM post, not only but beforehand, all CTM and AMO members and candidates recommended by them, who themselves and whose family representatives have served the interests of the Holy Terra Mariana through the written history.

CTM will be activated again after forwarding my authority through the succession-based ordination.

I promise that while enlisted into reserve, I will be with CTM and AMO both in the temporal as well as in the timeless meaning.

In faith and fidelity Convent Master CTM and Magister Gen. OAM,

Stud. Dei Ioan Arendia Elita von Wolsky together with Clarissima Domina Marika Katarina
