anno 1201 Roma

Tallinn Terra Mariana 21.XI 2013.a.D.

PRESS RELEASE

Magister Conventus Terra Mariana & Ordo Altaria Maraiana

DECISION

Since 25.XII 2013.a.D Conventus Terra Mariana (CTM) and Ordo Altaria Maraiana (OAM) have temporarily stopped the public activities until the Holy See, as the institution which has founded Terra Mariana, confirms and blesses into the position next Master of CTM and OAM.

Family Federation Arendia Elita von Wolsky FF holds high blessing for leading CTM and OAM according to the God's will.

The health of pension aged Magister does not allow any more to serve the high trust accredited in the best way. Since 1995.a.D. I have been serving Conventus Terra Mariana with God's help.

Since 2012.a.D. I have made the official application to find suitable candidates to the position of CTM and OAM.

My family federation Arendia Elita von Wolsky FF has enabled me as Emeritus Magister to account me to reserve.

The family federation takes itself the duty to evaluate the magister candidates on the open competition for presenting the best to the Holy See for blessing for the post of CTM and OAM.

Until now the Council of my family federation has nominated me to fulfil the duties of Magister in the rights of Magister Generalis.

I kindly ask the magister candidates who fulfil the preconditions to take part in the open competition.

On the behalf of my family federation I thank all bearers of the wise of tradition here in Holy Terra Mariana and elsewhere, especially Church circles, who have been helping to value again Conventus Terra Mariana, as the eldest known organisation in Estonia and Latvia since 1201.a.D.

One has to be understandable towards the local indigenous inhabitants, who after rearranging their economic-political life only twenty years ago came upon to so called America.

It can be hoped, that if time is given in the normal conditions of human development, America together with its satellites in the European Union and elsewhere gets rid of material-legal slavery and restores status-legal principle on the theocratic basis as it is born by SANCTA SEDAS. STATUS CIVITATIS VATICANEA, as God's State on the Earth.

More than 800 years old organisation CTM can wait for still 800 years and more, important is readiness to the development given by God in given space-time.

In good faith and merry expectation at the eye of normalising eternity needs.

In faith and faithfully your Magister Generalis CTM ang OAM,

Ioan Arendia Elita von Wolsky
